

Nutriinfo Diet Manager Program Licensing Information

We're dedicated to bringing technology into health care. Through licensing, we offer unique, customizable online weight and health management program, Diet Manager, to organizations for their employee wellness programs or member benefit programs.

How Does It Work?

Upon licensing of Diet Manager, you'll be provided with an Activation Code for your organization. Provide the code to your individuals for their free access to the program at Nutriinfo.com. As a group administrator, you will have unlimited access to the Admin page where you can monitor your members' diet progress and help individuals manage their weight and health in a simple and convenient way.

Licensing Fees

We offer Diet Manager at an affordable cost to meet the needs of any size of organizations. You may license the program based on the size of your organization and receive discounts with more individuals. See below for licensing rates. Minimum of \$ 35 will apply for the plan under 100 users.

Size of your Organization	Licensing Fee (Fee/person/month)
5-99	\$7.00
100-199	\$6.00
200-499	\$5.00
500 +	Ask for quotes

If you're a larger organization and would like to provide services to all of your employees or members, license the program at a monthly fixed fee and enjoy a big discount. Contact us for quotes.

Customization to Your Organization

Your organization's individuals may login from your Website. We'll provide you with step-by-step customization instructions for easy set-up, so the customization will be done in a snap.

The **group's logo** will appear on individuals' Diet Manager accounts with the customization, which will help individuals feel more like home.
